**FOR IMMEDIATE RELEASE
May 31, 2007**

**DIVERSITYMBA MAGAZINE NAMES
TOP 50 UNDER 50 CORPORATE EXECUTIVES ON THE MOVE**

CHICAGO—P&L Publishing, a business magazine publishing company celebrating 10 years of outstanding service, announces its 3rd Annual List of *Top 50 under 50 African-American MBA Corporate Executives On The Move* to be featured in its brand new diversity publication entitled *DiversityMBA Magazine*. It is scheduled to hit the newsstands in the summer of 2007. The inaugural issue will also provide a sneak peak at other top minority MBA professionals that will be highlighted in the featured article of the fall issue of *DiversityMBA Magazine*.

As a complement to the Spring 2007 issue of its former publication, P&L Publishing conducted research and published survey results of the magazine's Top 50 Companies for African-American MBAs to Work. P&L Publishing identified exceptional executives who have reached the pinnacle of success within the highly competitive corporate environment by acknowledging the Top 50 MBAs under 50 for the third consecutive year. They are pleased to report that many of the companies named as one of the best companies for Black MBAs to work will also be mentioned in the Summer Issue due to their employee(s)' recognition as a Top 50 under 50 Executive. They include Allstate Insurance Co., Banc of America Securities, Verizon Wireless, Comcast, JPMorgan, Sun Trust Bank, DaimlerChrysler, Sprint Nextel, Pitney Bowes Inc., The Coca-Cola Company, Wachovia Bank, N.A. and Wells Fargo. These companies have not only demonstrated their strong commitment to diversity but were eager to spotlight their talented African-American executives as well.

The Top 50 under 50 Executives were selected based on their position within a publicly or privately traded company, the size of the budget they manage, their community service work and the MBA degree they hold. *"It makes us proud to know that corporations find value in diversity and are willing to recognize their top talent for the great contributions they make to their bottom line. This confirms that diversity in the workplace is fiscally beneficial,"* said Pamela McElvane, Publisher & CEO of P&L Publishing.

DiversityMBA Magazine is a brand new magazine published by P&L Publishing. It was created earlier this year to provide companies with a single source for all of their diversity needs. In addition to covering the minority recruiting niche, DiversityMBA Magazine provides continuous research on the demographics of the workforce, *'the top'* industries, companies, and leaders that are important to career and talent seekers. It also has a separate consulting arm that mentors and trains businesses on best practices in diversity. The magazine will be distributed to top business schools, corporations, and professional and alumni associations throughout the United States.

The list of Top 50 under 50 can be found on the two subsequent pages.
